Boys  
House

School

General view from site of Julie School House  
looking toward Estancia from road. The boys house  
& stands where W. S. Sheen had his first view of the house.

House as now in use. The right end is the family wing.  
The roof at side of ranchos covers the carpenter's bench.

Teaching force 1911-

The dark girl next to Mrs  
Waddell is Sr. Sanchez  
of Cross' and the other  
is Sr. Iida of Cachoeira.  
Both were pupils in the  
Cachoeira school.

We had in 1911 five  
classes. One in 5<sup>th</sup> primary  
grade and four in an  
irregular course which at  
present has 5 classes but  
in 1918 will begin on a  
new 6 class (years) course.

Taken under veranda at front door.

This is our 5" year primary  
or common school class.  
Our boy was absent and  
they will be joined by  
several from our primary  
schools in January  
forming then our "Class of '17"

We have had no graduating  
class as yet. This year  
4" year was the highest class.

Taken by the river under the Mango trees.

First year class.

Should become primary teachers in '14  
or graduate from the new course in '16

Taken by the dining room door.

Our Sophomores - all girls and (not  
therefor) our brightest class.

Do I see will remember the University Building -

Our third year class - seated  
and the fourth year class - standing.

Taken in front of the 'Boys' House.

The room with wall of holes is a Latin "Parochia"

for printing

addresses

The house

is 61 ft

long & 16

wide. Has

rooms for

17 boys &

quart room

& canals.
